

VENDOR PROPOSAL

In Response to Request for Proposal:
Supply of Modular Electrical Switches, Plates & Accessories

Prepared for	ABC Infrastructure Pvt. Ltd.
Prepared by	Havells India Ltd. — Authorized Distributor
Date	05 May 2026
Fulfillment Score	85.1%
Grand Total (INR)	■ 779,982.05

Executive Summary

Havells India Ltd. is pleased to submit this comprehensive proposal in response to the RFP issued by ABC Infra. With a legacy of excellence in the electrical infrastructure sector, we offer a robust portfolio of high-performance wiring devices, modular switches, and connectivity solutions designed to meet the rigorous demands of modern infrastructure projects. Our commitment to quality, safety, and innovation ensures that we are not merely a supplier, but a strategic partner capable of supporting your project's success from inception to completion.

Our value proposition is built upon three core pillars: superior product reliability, high-volume manufacturing capacity, and a streamlined supply chain. We understand the critical nature of electrical components in large-scale infrastructure and have optimized our fulfillment processes to ensure that all technical specifications—ranging from 6A/10A switches to complex RJ-45 data jacks—are met with precision. Our products are engineered to withstand intensive usage, ensuring long-term operational efficiency for your facilities.

By choosing Havells, ABC Infra gains access to a nationwide distribution network, stringent quality control protocols, and a dedicated account management team. We have carefully reviewed the requirements outlined in your RFP and have structured our offering to provide maximum value, competitive pricing, and reliable delivery timelines. We are confident that our technical compliance and fulfillment capabilities exceed industry standards and align perfectly with the requirements of ABC Infra.

We look forward to the opportunity to demonstrate our capabilities and contribute to the success of your upcoming projects. This proposal outlines our commitment to excellence and our readiness to serve as your primary vendor for electrical infrastructure requirements.

Company / Vendor Overview

Havells India Ltd. is a leading Fast-Moving Electrical Goods (FMEG) company and a major power distribution equipment manufacturer with a global footprint. Established with a vision to provide world-class electrical solutions, we have grown into a multi-billion-rupee organization known for our extensive range of products, including industrial and domestic circuit protection, cables, motors, and modular switches.

Our manufacturing facilities are state-of-the-art, utilizing advanced automation and robotics to ensure consistency and precision in every unit produced. We adhere to international quality standards, including ISO 9001, ISO 14001, and OHSAS 18001, reflecting our dedication to environmental sustainability and occupational health. With decades of experience in the electrical industry, we have successfully partnered with major infrastructure developers, government bodies, and commercial enterprises across the country.

Our scale of operations allows us to handle bulk orders with ease, maintaining high inventory levels to mitigate supply chain risks. We pride ourselves on our technical expertise, which enables us to provide not just products, but comprehensive solutions tailored to the specific needs of our clients. As an authorized manufacturer and distributor, we maintain complete control over our supply chain, ensuring that every product delivered to ABC Infra is genuine, tested, and compliant with all relevant safety regulations.

Understanding of Requirements

The objective of this RFP is to source a reliable vendor for the supply of high-quality electrical switches, sockets, plates, and connectivity accessories for ABC Infra's projects. Based on our analysis, the requirements necessitate a vendor capable of providing a wide array of SKUs, including but not limited to: 1-way and 2-way switches (6A/10A/16A/25A), DP switches (32A), various plate sizes (1M to 18M), fan regulators, dimmers, USB chargers, and data/telecom connectivity jacks.

Key expectations identified include:

1. **Technical Compliance:** All products must meet rated current specifications and follow standard safety protocols.
2. **Fulfillment Capacity:** The vendor must demonstrate the ability to handle bulk orders with consistent monthly availability.
3. **Documentation:** Submission of a detailed product catalog, price list with SAP codes, and a technical compliance sheet.
4. **Logistics:** Adherence to standard packing formats and timely delivery to designated project sites.
5. **Pricing:** Transparency in pricing, including GST and margin structures.

We acknowledge that while we are unable to supply combined plates in White, Grey, and Silver variants at this time, we are fully equipped to meet all other technical and product requirements specified in the RFP. We are committed to maintaining the highest level of transparency regarding our product availability and technical specifications.

Product Offering & Compliance

Our product offering is designed to provide a seamless, aesthetic, and highly functional electrical interface for end-users. Each product is identified by a unique SAP code to ensure accuracy in procurement and inventory management.

Technical Compliance Highlights:

- **Switches:** Our 6A, 10A, 16A, and 25A switches are designed for durability, featuring high-grade contact materials to prevent arcing and ensure long life.
- **Indicator Variants:** We provide specialized indicator-based switches and Mega Bell Push Indicator switches, ideal for commercial and residential applications requiring visual status confirmation.
- **Plates:** Our range of inner and outer plates (1M to 18M) offers modular flexibility, allowing for easy installation and future upgrades.
- **Connectivity:** Our RJ-45 data jacks and TV/Telephone sockets are engineered for high-speed signal integrity and minimal interference.
- **Safety:** All sockets are designed with child-safety shutters and robust grounding mechanisms to ensure user protection.

All products comply with HSN classification requirements and are packaged according to standard industry norms to prevent damage during transit. We provide full technical documentation for each SKU, ensuring that your engineering team has all the necessary data for installation and maintenance.

Fulfillment Capacity

Havells India Ltd. maintains a robust inventory management system that tracks stock levels in real-time across our regional warehouses. We have analyzed the monthly availability requirements for the requested SKUs and are confident in our ability to meet the volume demands of ABC Infra.

- **Average Monthly Availability:** For our core switch and plate range, we maintain a monthly availability of approximately 3,500 to 4,800 units per SKU.
- **Bulk Order Handling:** Our production lines are optimized for high-volume output. For larger project-specific requirements, we can scale production within a 15-day lead time.
- **Inventory Buffers:** We maintain a safety stock buffer for high-velocity items to ensure that project timelines are never compromised due to supply shortages.
- **Reporting:** We provide regular fulfillment reports to our partners, ensuring complete visibility into the status of pending and shipped orders.

Delivery & Logistics Commitment

We are committed to a streamlined delivery process that minimizes lead times and ensures the safe arrival of all materials.

- **Packaging:** All products are packed in standardized, reinforced boxes (e.g., 20/box or 10/box configurations) to protect against environmental factors and physical impact during transport.
- **Logistics:** We utilize a network of trusted logistics partners to ensure door-to-door delivery to your project sites.
- **Timelines:** Standard orders are processed and dispatched within 7-10 business days from the date of receipt of a valid Purchase Order (PO).
- **Tracking:** Every shipment is accompanied by a detailed packing list and a tracking number, allowing your procurement team to monitor the status of the delivery in real-time.
- **Damage Policy:** In the unlikely event of transit damage, we commit to a replacement process within 48 hours of notification.

Eligibility & Compliance Declarations

Havells India Ltd. hereby declares that:

1. We are an authorized manufacturer and distributor of the electrical products listed in this proposal.
2. We possess all necessary business registrations, including valid GST identification, which will be provided upon the formalization of the contract.
3. Our products comply with all relevant Indian Standards (IS) and international safety certifications.
4. We adhere to all HSN classification requirements for accurate tax reporting.
5. We maintain a clean record of regulatory compliance and are committed to ethical business practices.

6. We are fully prepared to undergo any necessary vendor audits or site inspections required by ABC Infra.

Closing Statement & Call to Action

Havells India Ltd. is honored to present this proposal to ABC Infra. We believe that our combination of high-quality products, technical expertise, and reliable fulfillment capacity makes us the ideal partner for your electrical infrastructure needs. We are eager to build a long-term, mutually beneficial relationship with your organization.

We invite you to review the attached documentation and reach out to our dedicated account management team at your earliest convenience to discuss the next steps. We are prepared to initiate the supply process immediately upon receipt of your formal Purchase Order. Thank you for considering Havells as your preferred vendor. We look forward to the possibility of contributing to the success of your upcoming projects.

Sincerely,

Senior Procurement Consultant

Havells India Ltd.
