

VENDOR PROPOSAL

In Response to Request for Proposal:
Supply of Modular Electrical Switches, Plates & Accessories

Prepared for	ABC Infrastructure Pvt. Ltd.
Prepared by	Havells India Ltd. — Authorized Distributor
Date	16 July 2026
Fulfillment Score	84.7%
Grand Total (INR)	■ 712,015.05

Executive Summary

Havells India Ltd. is pleased to submit this comprehensive proposal in response to the Request for Proposal (RFP) for the supply of premium electrical switchgear and wiring accessories. With a legacy of excellence in the electrical industry, Havells offers the Oro range, a sophisticated collection designed to blend aesthetic appeal with robust technical performance. Our commitment to quality, safety, and innovation ensures that we are not merely a supplier, but a strategic partner capable of meeting the rigorous demands of your infrastructure projects.

Our value proposition centers on the reliability of the Havells brand, which is synonymous with durability and high-performance engineering. By integrating our advanced manufacturing capabilities with a streamlined supply chain, we provide a seamless procurement experience. We have carefully analyzed the requirements outlined in your RFP and have tailored our offering to ensure that the Oro range provides the necessary technical specifications, safety certifications, and design versatility required for modern electrical installations.

We recognize that pricing competitiveness and supply chain reliability are paramount to your evaluation process. Our proposal includes a transparent pricing structure, high-volume availability, and a commitment to maintaining consistent stock levels. We are confident that our technical expertise, combined with our extensive distribution network, will provide your organization with the highest standard of service and product quality, ensuring long-term operational efficiency.

Company / Vendor Overview

Havells India Ltd. is a leading Fast-Moving Electrical Goods (FMEG) company and a major power distribution equipment manufacturer with a global footprint. Established with a vision to provide world-class electrical solutions, we have grown into a multi-billion-rupee organization with a presence in over 60 countries. Our manufacturing facilities are state-of-the-art, utilizing advanced automation and rigorous quality control protocols that meet international standards.

As an authorized manufacturer and distributor, we leverage our extensive R&D capabilities to innovate within the switchgear segment. The Oro range represents the pinnacle of our design philosophy, offering modularity, safety, and elegance. Our scale of operations allows us to handle bulk orders with precision, ensuring that large-scale commercial and residential projects are supported by a consistent supply of high-quality components. We pride ourselves on our adherence to safety standards and our ability to provide technical support throughout the product lifecycle.

Understanding of Requirements

Our analysis of the RFP indicates a requirement for a comprehensive supply of electrical switches, sockets, and support modules, specifically focusing on the Havells Oro range. The key expectations include:

1. Provision of a detailed price list with SAP codes for accurate inventory tracking.
2. Supply of a wide array of switchgear, including indicator-based variants, 16A/25A/32A switches, and various socket configurations.
3. Adherence to strict technical specifications and HSN classifications.

- 4. Ability to manage bulk supply requirements with high monthly availability.
- 5. Compliance with standard packing formats to ensure product integrity during transit.

We understand that the evaluation criteria prioritize pricing competitiveness, technical compliance, and the ability to fulfill the requested product mix. Our proposal is structured to address these requirements directly, providing a clear roadmap for procurement, logistics, and technical support.

Product Offering & Compliance

The Havells Oro range is engineered to meet the highest safety and performance standards. Our proposed product list includes:

- Switches: 6A/10A 1-way and 2-way switches, bell push switches, and indicator-based variants. We also provide high-capacity 16A, 25A, and 32A DP switches for heavy-duty applications.
- Sockets: A comprehensive range of 6A 2-pin/3-pin shuttered sockets, combined 6/16A sockets, and universal sockets.
- Support Modules: High-quality TV sockets, telephone sockets, RJ-45 data jacks, dimmers, fan regulators, and USB chargers.
- Plates: A variety of outer and inner plates ranging from 1M to 18M to ensure aesthetic consistency across all installations.

All products are identified by their unique SAP codes to facilitate seamless integration into your ERP systems. We ensure that all items comply with relevant HSN classifications and safety standards, providing the reliability expected of the Havells brand.

Fulfillment Capacity

Havells India Ltd. maintains a robust supply chain capable of supporting high-volume, recurring orders. Our fulfillment score of 84.7% reflects our ability to meet the vast majority of your specific product requirements. We have optimized our production cycles to ensure that core items, such as 6A/10A switches and outer plates, have a monthly availability exceeding 3,500 units. For specialized components, we maintain strategic safety stocks to mitigate lead-time risks. Our logistics team is equipped to handle bulk shipments, ensuring that your project timelines remain on track.

Delivery & Logistics Commitment

We commit to a structured delivery schedule that prioritizes your project milestones. All products are packaged in standard, protective cartons designed to prevent damage during transit. Our logistics partners are experienced in handling electrical components, ensuring that all shipments are handled with the necessary care. We will provide real-time tracking and regular status updates for all bulk orders. Firm delivery timelines will be established upon receipt of the formal purchase order, with a commitment to dispatching stock within the agreed-upon lead times.

Eligibility & Compliance Declarations

Havells India Ltd. confirms that we are an authorized manufacturer and distributor of the products listed. We adhere to all relevant ISO quality management standards and maintain full compliance with Indian tax regulations, including GST. Our products are HSN-coded for accurate tax reporting. We have provided our company profile and technical compliance sheets as part of this submission and are prepared to provide further documentation, such as business registration certificates, upon request.

Closing Statement & Call to Action

Havells India Ltd. is honored to present this proposal for your consideration. We believe that our combination of high-quality product engineering, competitive pricing, and reliable fulfillment capacity makes us the ideal partner for your electrical supply requirements. We are eager to discuss this proposal further and address any specific questions you may have. We look forward to the possibility of collaborating with your team to ensure the success of your upcoming projects. Please contact our procurement liaison team to initiate the next steps.
